Q1) What are your views regarding the aims detailed overleaf, do you have any other suggestions?

Q2) The proposed housing mix is in line with the Keyworth Neighbourhood Plan (Policy H2) and includes 25% two-bed houses, 20% three-bed, 30% four-bed and 10% five-bed and 15% bungalows (two and three bed). 20% of the homes will be affordable which will include a mix of two and three bed homes and bungalows. We believe this will ensure a mixed community and help the next generation to stay in Keyworth. What are your views on the housing mix?

Q3) If this development comes forwards, it will provide funds towards local education and healthcare provision as well as transport improvements as required to accommodate the development. Within the open space we can provide allotments or a children's play area and we are interested in which you think is most needed in the local area. Where would you like to see the investment generated by this development spent? Please tick your answer for each below.
